

# Summer

✓ don't forget to tick when you've done them!

## 1. Hide up in a tree and spy on the world

Ssshh! No-one will know you're there! Enjoy the bird's eye view.

## 2. See a meteor shower

Can you catch sight of a falling star? August is the time of the 'Perseid' meteor shower. Why not camp out on a clear night and try a spot of star-gazing?

## 3. Spot the blue flash of a kingfisher from a riverside path

Let a walk along the riverbank reveal a colourful new world.

## 4. Find your perfect picnic spot

What makes your spot picnic-perfect is up to you.

## 5. Go fishing for crabs

Have a crabbing competition down on the quayside at Walberswick or other spots along our Suffolk coast.

## 6. Put a toe in the water down at the stream

Explore how it feels to walk barefoot across a natural stream. Some Suffolk villages have a ford where the stream goes across the road.

## 7. Take a swim in the sea

From the sandy shores of Lowestoft right down to Felixstowe, taste the salty sea spray. Look out for Suffolk's top blue flag beaches too.

## 8. Simply lay back, look and listen

Even in the quietest meadow or smallest garden, there's always something wild going on.

## 9. Watch dragonflies hunting over the water

Can you count their wings as they rest on reeds by the water's edge down at the river, on the marshes or by the local pond?

© Steve Aylward

## 10. Discover the beauty of butterflies on a meadowland stroll

Admire their different colours and wonderful wing patterns. Are there 3 different types to identify in your meadow?
